UNIFIED DEVELOPMENT ORDINANCE AMENDMENT - Authorization to publish amendments to Unified Development Ordinance Sections 18.390.125 and 18.390.140.Q, relating to bus shelters

---

1. APPLICANT: The City of Overland Park is the applicant for this request.
2. REQUESTED ACTION: The applicant is requesting authorization to publish amendments to Unified Development Ordinance Sections 18.390.125 and 18.390.140.Q, relating to bus shelters.
3. ANALYSIS: The city is currently working with multiple governmental agencies to implement a system of bus shelters and enhanced pedestrian paths along Metcalf Avenue as part of a TIGER grant. The project will be proceeding on a tight time frame. Although the bus shelters have not yet been designed, the staff is anticipating that some of the design limits in our current ordinance for bus shelters may be restrictive and is recommending changes to the Unified Development Ordinance.
4. STAFF RECOMMENDATION: The staff recommends that the Planning Commission authorize for publication amendments to the Unified Development Ordinance to Sections 18.390.125 and 18.390.140.Q, as proposed.
